SELECTED FRONTEND PROJECT IMPACT

- Dial-a-Doc MVP: Led web/mobile frontend delivery for a telemedicine MVP using React.js and React Native, supporting fast delivery within a 3-week timeline.
- NELEX Portal & LMIS: Built scalable workforce management interfaces that improved applicant processing and nationwide labor data visibility.
- NBET ERP: Delivered enterprise-grade modules and dashboards that improved internal workflows and financial operations.
- Federal Fire Service and National Quality Council platforms: Developed clean public-facing and administrative interfaces for certificate, compliance, and quality infrastructure workflows.
- Black and Co., Togg Clothing, Masfarad Merchants, Bisly Nigeria, PGL Nigeria, DOSL Limited, Gam-Omatic, Nikky's Luxury Tours, Flat Rate Water, Strong MAS, Grandstack, Ibom Paint, and P2E Technologies: Built responsive corporate, web, and e-commerce platforms optimized for usability and performance.

PROFESSIONAL EXPERIENCE

Software Developer | Underwired Nigeria Ltd. | May 2021 - Present | Full-time/Remote

- Build and maintain responsive web applications, integrated services, APIs, and user-facing features for business platforms.
- Resolve UI, performance, browser, and user-reported issues to improve speed, reliability, and user experience.
- Collaborate with backend, QA, product, and stakeholder teams to deliver maintainable applications and stable releases.
- Support testing, debugging, optimization, and refactoring of frontend and integrated application flows.

Frontend Developer | EDSINE TECHNOLOGIES LIMITED | Oct 2020 - Dec 2022 | Part-time/Remote

- Led frontend development and mentored junior developers on responsive implementation, code quality, and reusable UI patterns.
- Designed scalable frontend architecture and optimized features for speed, usability, accessibility, and maintainability.
- Worked with cross-functional teams to translate requirements into high-quality responsive web applications.

Software Developer | PYRICH GROUP NIGERIA LIMITED | Apr 2022 - Jan 2024 | Full-time/On-site

- Developed enterprise and government web platforms including NBET ERP, NELEX Portal, and LMIS, with focus on usability, performance, and workflow clarity.
- Implemented responsive dashboards, forms, data views, approval flows, and administrative interfaces for high-volume platforms.
- Improved frontend reliability through QA participation, optimization, testing, and cross-team collaboration.

Tech Consultant | Bisly Nigeria Ltd. | Aug 2023 - Jul 2025 | Full-time/Hybrid

- Advised clients on digital platform implementation, UI usability, workflow design, and adoption of enterprise and government solutions.
- Translated business requirements into technical plans for web interfaces, integrations, dashboards, and scalable platform delivery.
- Trained client teams and supported post-delivery usage to improve adoption and reduce friction.

Tech Consultant | Foreshield Nigeria | Jan 2022 - Jul 2024 | Part-time/Hybrid

- Delivered frontend and system integration support for enterprise and government clients, including documentation and adoption training.
- Supported architecture decisions and reliability improvements for client-facing and administrative platforms.

Website Developer and Media Publicity Agent | APEKE COUTURE, Ottawa, Canada | Jan 2016 - Mar 2020 | Contract/Remote

- Developed and maintained the company website with SEO, performance optimization, digital content, analytics, and brand visibility improvements.
