SAMUEL ADEWALE

Senior Full-Stack Developer | React, Node.js, Laravel, APIs, Enterprise Systems

+234 813 423 7131 | Abuja, Federal Capital Territory, Nigeria | samadewale2014@gmail.com | samueladewale.com | linkedin.com/in/samuel-adewale-82450bb0

PROFESSIONAL SUMMARY

Senior Full-Stack Developer with 7+ years of experience delivering enterprise, government, healthtech, regulatory, and startup platforms. Strong hands-on capability across React.js, Next.js, TypeScript, Node.js, Laravel, PHP, SQL, PostgreSQL, MongoDB, REST/GraphQL APIs, authentication, system integration, QA, and performance optimization. Proven record leading ERP, safety management, workforce, telemedicine, e-certificate, and public-sector digital platforms from requirements to delivery.

CORE TECHNICAL SKILLS

Languages & Frameworks: JavaScript, TypeScript, PHP, SQL, C#, React.js, Next.js, Vue.js, Angular, Gatsby, Node.js, Laravel, Symfony, ASP.NET MVC
Frontend: HTML5, CSS3, Tailwind CSS, Bootstrap, WordPress, WooCommerce, Shopify, responsive UI, accessibility, component-based architecture
Backend, APIs & Databases: RESTful APIs, GraphQL APIs, authentication, role-based access control, MySQL, PostgreSQL, MongoDB, Firebase
Tools, DevOps & Delivery: Git, GitHub, GitLab, Azure DevOps, Docker, Netlify, Microsoft Azure, Postman, Jest, Chrome DevTools, Agile, Scrum, Kanban, Jira, ClickUp

SELECTED PROJECT IMPACT

- NBET Enterprise Resource Platform (ERP): Led enterprise platform delivery, streamlining workflows, automating internal processes, and improving financial reporting visibility.
- NNPC ISSOW: Delivered an integrated safety and work management platform across multiple facilities, improving compliance tracking and operational monitoring.
- NELEX Portal & LMIS: Designed and implemented workforce management platforms for faster applicant processing and nationwide labor data visibility.
- Dial-a-Doc MVP: Architected and led delivery of a web/mobile telemedicine MVP with React.js, Node.js, and React Native within a 3-week timeline.
- Federal Fire Service, National Quality Council, E-NSITF, and E-NIWA: Built regulatory, certificate, licensing, contribution, and quality infrastructure platforms for improved automation and transparency.

PROFESSIONAL EXPERIENCE

Software Developer | Underwired Nigeria Ltd. | May 2021 - Present | Full-time/Remote

- Develop, maintain, and improve software solutions, APIs, and integrated services for business and enterprise use cases.
- Troubleshoot performance issues and user-reported defects, improving reliability, responsiveness, and overall digital experience.
- Collaborate with cross-functional teams on architecture, implementation, QA, testing, and release-readiness of web applications.
- Write maintainable code and support optimization across frontend and backend layers.

Tech Consultant | Bisly Nigeria Ltd. | Aug 2023 - Jul 2025 | Full-time/Hybrid

- Designed system architectures and integrated solutions for enterprise and government clients with focus on scalability, usability, and maintainability.
- Managed end-to-end technical delivery, aligning software implementation with client requirements, project budgets, and timelines.
- Delivered client training, technical documentation, and adoption support to improve long-term system sustainability.
- Improved operations through tailored digital platforms, integrations, and workflow automation.

Head of Research and Development - AI & Machine Learning | PYRICH GROUP NIGERIA LIMITED | Jan 2024 - Jul 2024 | Full-time/On-site

- Led R&D strategy for emerging technology initiatives, overseeing researchers, analysts, and developers from ideation to delivery.
- Conducted market and technical research to guide product direction, AI integration opportunities, and competitive positioning.

Software Developer | PYRICH GROUP NIGERIA LIMITED | Apr 2022 - Jan 2024 | Full-time/On-site

- Led development of NBET ERP and architected government platforms including NELEX Portal and LMIS.
- Built client solutions that improved efficiency, performance, scalability, and user experience across public and private-sector platforms.
- Supported implementation, testing, optimization, and release processes.

Tech Consultant | Foreshield Nigeria | Jan 2022 - Jul 2024 | Part-time/Hybrid

- Delivered tailored technology solutions for enterprise and government clients, including architecture, integration, documentation, and adoption support.
- Implemented risk mitigation and reliability practices to improve system security and maintain operational continuity.

Frontend Developer | EDSINE TECHNOLOGIES LIMITED | Oct 2020 - Dec 2022 | Part-time/Remote

- Led frontend development, mentored junior developers, and optimized responsive applications for speed, usability, and accessibility.
- Collaborated with product and engineering teams to deliver clean user interfaces and reliable frontend integrations.

Earlier Experience | APEKE COUTURE, Ottawa, Canada | Jan 2016 - Mar 2020 | Contract/Remote

- Developed and maintained website, SEO, digital content, and analytics-driven media visibility initiatives.
