SAMUEL ADEWALE

Technical Lead | Solutions Architect | Enterprise & Government Platforms

+234 813 423 7131 | Abuja, Federal Capital Territory, Nigeria | samadewale2014@gmail.com | samueladewale.com | linkedin.com/in/samuel-adewale-82450bb0

PROFESSIONAL SUMMARY

Technical Lead and Solutions Architect with 7+ years of experience designing, leading, and delivering enterprise, government, healthtech, regulatory, and startup platforms. Strong background in system architecture, full-stack development, API strategy, integrations, stakeholder communication, technical documentation, delivery leadership, team mentorship, client training, QA, and operational risk mitigation. Trusted on complex platforms including ERP, safety/work management, workforce systems, licensing/certification workflows, telemedicine MVPs, and public-sector digital transformation projects.

LEADERSHIP, ARCHITECTURE & DELIVERY SKILLS

Architecture & Engineering: System architecture, enterprise application design, API strategy, data modeling, integrations, authentication, RBAC, scalability, maintainability
Technical Stack: React.js, Next.js, Node.js, Laravel, PHP, TypeScript, JavaScript, SQL, MySQL, PostgreSQL, MongoDB, Firebase, REST, GraphQL
Leadership & Delivery: Technical leadership, team mentorship, code review, documentation, stakeholder engagement, Agile, Scrum, Kanban, Jira, ClickUp
Governance & Quality: QA/testing, risk mitigation, security awareness, performance optimization, client training, production support, adoption planning

SELECTED ARCHITECTURE & LEADERSHIP IMPACT

- NBET ERP: Led nationwide enterprise platform delivery, improving workflow automation, internal operations, and financial reporting efficiency.
- NNPC ISSOW: Delivered an integrated safety and work management system across multiple facilities, improving compliance monitoring and operational visibility.
- NELEX Portal & LMIS: Architected scalable workforce platforms for applicant processing and national labor data visibility.
- Federal Fire Service, E-NSITF, E-NIWA, and National Quality Council: Delivered regulatory, certificate, licensing, contribution, and quality infrastructure platforms with improved automation and transparency.
- Dial-a-Doc MVP: Architected and led cross-platform web/mobile MVP delivery within 3 weeks, coordinating technology choices, implementation, and delivery execution.

PROFESSIONAL EXPERIENCE

Tech Consultant | Bisly Nigeria Ltd. | Aug 2023 - Jul 2025 | Full-time/Hybrid

- Designed architectures and integrated solutions for enterprise and government clients, balancing scalability, delivery speed, usability, and long-term maintainability.
- Managed end-to-end technical projects from requirements through delivery, ensuring alignment with budgets, timelines, quality expectations, and client goals.
- Trained client teams, created technical documentation, and supported adoption for long-term operational sustainability.
- Oversaw risk mitigation strategies to improve system reliability, security posture, and implementation confidence.

Head of Research and Development - AI & Machine Learning | PYRICH GROUP NIGERIA LIMITED | Jan 2024 - Jul 2024 | Full-time/On-site

- Developed and executed an R&D strategy aligned with business goals, focusing on emerging technologies and AI integration opportunities.
- Led, trained, and mentored researchers, analysts, and developers while overseeing project lifecycles from ideation to delivery.
- Conducted market and technical research to guide product development, competitive positioning, and innovation planning.

Software Developer | PYRICH GROUP NIGERIA LIMITED | Apr 2022 - Jan 2024 | Full-time/On-site

- Led development of NBET ERP and architected government platforms including NELEX Portal and LMIS.
- Designed and built solutions for multiple clients, improving efficiency, performance, scalability, and user experience.
- Coordinated implementation, QA, optimization, and delivery activities across complex platform requirements.

Software Developer | Underwired Nigeria Ltd. | May 2021 - Present | Full-time/Remote

- Develop and maintain software solutions, APIs, and integrated services while collaborating with cross-functional teams on quality and release-readiness.
- Troubleshoot performance and user-reported issues, improving system reliability, responsiveness, and maintainability.
- Participate in QA, testing, code review, and optimization processes to support stable, scalable delivery.

Tech Consultant | Foreshield Nigeria | Jan 2022 - Jul 2024 | Part-time/Hybrid

- Delivered tailored technology solutions for enterprise and government clients, including architecture, integration, documentation, and training.
- Supported system reliability and security through risk mitigation planning and implementation support.

Frontend Developer | EDSINE TECHNOLOGIES LIMITED | Oct 2020 - Dec 2022 | Part-time/Remote

- Led frontend development, mentored junior developers, and guided scalable UI architecture, optimization, and cross-functional delivery.
